

# APEX PRIMARY SCHOOL

“HELPING LITTLE FEET CLIMB MOUNTAINS”

## **About Apex**

Apex Primary School was originally started by a group of parents who were concerned about providing a sound academic foundation for their children in an environment which was harmonious with Islamic teachings and norms. As awareness of the project grew amongst the local community, the demand for such schooling became apparent, the home schooling set-up soon evolved into a school. Today Apex Primary School caters for 75 children from the ages of 3 to 11 and has highly experienced and qualified teachers.

The ethos of Apex Primary School is built around providing a high standard of academic education with a solid Islamic foundation, a combination which will give our children the best start in life. At Apex we strongly believe that the nurturing of children does not end with the school day, which is why Apex works in partnership with parents. By working together with parents, Apex provides children with an ambitious outlook to life and equips them with the necessary skills to make a positive difference and contribution to society.

To summarise, Apex provides:

- ◆ A high quality of academic education in a safe Islamic environment
- ◆ Enhances and develops a confident Islamic personality and mindset of our children with the support of parents
- ◆ Develops model Muslims that will contribute to the wider society and be outstanding examples

Apex considers the journey of life to be like the journey to the apex of a mountain. In this journey we face hardships and we face ease in striving for the ultimate goal of pleasing our creator and attaining paradise.

Our aim is to help our children make a good start to the journey of life and easier for their little feet to climb the mountain of life. Our children are our future and naturally important to us all. We hope you will support our effort in achieving the aims and aspirations of Apex Primary School. Apex is a Not-For-Profit Organisation and a registered charity.

### OFSTED INSPECTED AND REGISTERED

Apex was audited last year by Ofsted, in which they gave a very positive report of the school. Since the inspection, Ofsted has referred numerous schools to Apex for consultation in areas including IT and Curriculum development. Some of the salient comments in the report include:

*"Apex Primary School is a new school that provides sound education across the age range through a fairly broad and balanced curriculum. The senior management team leads and manages the school effectively by monitoring the quality of learning carefully and supporting staff sensitively. As a result, the teaching is good and pupils make good progress."*

*"It creates a safe and stimulating learning environment in which pupils can flourish and enjoy learning."*

*"The quality of the information it provides to parents and others is good."*

*"Its teachers are very good role models who show a lot of respect for pupils' work and form very positive relationships; in turn, pupils have a very good attitude to learning."*

*"Its provision for pupils' spiritual, moral, social and cultural development is very good; as a result, pupils behave very well, develop a strong Islamic identity and are well prepared to become responsible British citizens."*

*"The school enjoys overwhelming support from the local community."*

If you are interested in helping Apex with a donation or through alternative means, please contact the school for further information at [support@apexprimary.co.uk](mailto:support@apexprimary.co.uk)
